green

orange

"The coloured states are numbered starting at zero" makes no sense because the edges have colour names, and these represent transitions.

$$(b) \quad \overline{A+B} = \overline{A} \cdot \overline{B}$$

$$A = A(B + \overline{B})$$

$\oint V dv = 0$
kind of makes it
a bit simple.

because I forgot something. oops.

(c)

$\oint_V \psi_v dv = \int_0^h \int_0^x \int_0^w \psi(x,y,z) dx dy dz$

$\psi(x,y,z) = x + 2y - z^2$

Sub-
total

Mark

Moderate

Check

The flowchart illustrates the process of marking, moderating, and checking questions. It is organized into four main columns: Sub-total, Mark, Moderate, and Check.

- Sub-total:** A vertical column of 15 empty boxes on the far left.
- Mark (Red):**
 - Starts with a red box containing a red 'X' icon and a red 'Q' icon.
 - Followed by a red box containing a red 'Q' icon and a red 'number' box.
 - Then a red box containing a red 'mark awarded' label and two red boxes.
 - Finally, a red box containing a red checkmark icon and a red 'Mark' button.
- Moderate (Green):**
 - Starts with a green box containing a green checkmark icon and a green 'No change' button.
 - Followed by a green box containing a green 'Q' icon and a green 'number' box.
 - Then a green box containing a green 'mark awarded' label and two green boxes.
 - Finally, a green box containing a green 'Comment/query?' label and a large green text area.
- Check (Blue):**
 - Starts with a blue box containing a blue question mark icon and a blue 'Check' button.
 - Followed by a blue box containing a blue 'Q' icon and a blue 'number' box.
 - Then a blue box containing a blue 'mark awarded' label and two blue boxes.
 - Finally, a blue box containing a blue checkmark icon and a blue 'Check' button.

Arrows indicate the flow between these steps, showing the progression from marking to moderating to checking.
