PAGE THREE

[illegible]

The diagram illustrates the marking process flowchart. It begins with a 'Mark' box at the top. An arrow leads down to a decision point. If the answer is incorrect, the flow goes to a box with a sad face and 'X's, indicating a wrong answer. If the answer is correct, the flow goes to a 'Q' box. The 'Q' box contains a 'section' dropdown, a 'number' input field, and a 'mark awarded' input field. An arrow from the 'Q' box leads to another 'Q' box, which is identical. Finally, an arrow from the second 'Q' box leads to a 'Mark' box at the bottom, which contains a checkmark and a 'Mark' input field.
