The flowchart illustrates the sequence of events when the 'Enter' key is pressed in the 'Q' section. It starts with an 'Enter' button, which leads to a '?!' icon in a box. From there, the flow goes to a 'Q' section form. The form has three input fields: 'section', 'number', and 'mark awarded'. The flow then goes to another 'Q' section form, which also has three input fields: 'section', 'number', and 'mark awarded'. Finally, the flow goes to a '✓' icon in a box, which leads to an 'Enter' button.
